

Welcome!

For more than one hundred years people with diseases of the chest have found answers at Thoraxklinik Heidelberg. Patients from all over Germany and abroad come to Heidelberg where thoracic surgeons, pneumologists, medical oncologists and other specialists work together under one roof. Our doctors have unparalleled expertise in diagnosing and treating all types of cancer and other diseases of the chest, and they use the latest technology as well as the most innovative, advanced therapies to increase the chances of a cure. On this site we provide information about the spectrum of our expertized departments. Our International Center can help you become a patient, assist with your visa invitation, travel and housing arrangements.
